

VUELIVE Producer

VUELIVE Producer is a complete media management toolset that allows enterprises and individuals to manage their own content and deliver high-quality video to their audience without the investment associated with conventional methods. It allows advanced users to capture, create, and embed multiple video messages from their desktop into any communication tool such as email, instant messaging or websites.

Why VUELIVE Producer for your LIVE video production and broadcasting solution?

- VUELIVE Producer is an all-in-one tool that makes video production and distribution affordable and simple
- VUELIVE's core technology, Lightning Strike™, is considered one of the best in the world for delivering high quality video at very low bandwidths
- VUELIVE's solutions are scalable and can easily adjust to meet fluctuating needs

VUELIVE Producer gives your clients the power to:

- Encode high quality media assets for on-demand streaming
- Build personalized media content for online delivery
- Record custom video messages and distribute through email or instant messaging

With VUELIVE Producer, organizations can produce their own:

- Product presentations and email to prospects
- Product testimonials and post on their homepage
- Feature demonstrations and upload to social media sites
- Training sessions and distribute to employees

The possibilities to engage the audience and increase brand awareness are endless!
